

Honor Societies

Beta Gamma Sigma

Beta Gamma Sigma is the only nationally recognized business honor society for AACSB accredited schools. Students whose graduate grade point average falls in the top twenty percent of that academic year's graduates (summer, fall and spring graduating classes) are identified as superior students of business and are nominated for membership at an induction ceremony held in May. Students inducted into Beta Gamma Sigma (BGS) as undergraduate students are eligible for a Master's Certificate from BGS.
